PROFILE

I help startups add AI features to their products: **chatbots, LLM integration, document processing and automation that actually ships.** Developer since 1999 with **25+ years** across web, mobile and AI, from award-winning creative campaigns in Shanghai to production platforms for CBC/Radio-Canada, Lufthansa and Voyey. Comfortable owning a product end to end: architecture, frontend, backend, DevOps and app store releases.

EXPERIENCE

AI Integration Specialist

Sep 2024 - Present
